

*A moment to focus on the good our team is doing every day*

## *Inside the Issue*

### **CLOSING THE GAP: WHITE COUNTY**

The White County UCHRA office was able to connect a medical transportation client with a variety of support services; providing information and assisting the client with the application process

### **UCDD NEW HOST OF SMALL BIZ CENTER**

UCDD is the new host of the UC Small Business Development Center. The District is excited for this opportunity and has welcomed Tyler Asher as the program's director.

### **UCDD, UCHRA RELEASE 'WE'RE HERE FOR YOU' VIDEO**

We are facing new challenges but, together, we will get through this. Thank you for helping us share that message with our clients!

## **DONATED, HANDMADE MASKS KEEP DRIVERS, CLIENTS SAFE**

We are so thankful to members of our staff who have managed to come up with creative solutions to keep our drivers and Transportation team safe. UCHRA shop staff designed and installed plexiglass shields for the driver area. Randy Weiker, Putnam County driver and retired Cookeville Police Officer, and his wife made several face masks and have given them to other drivers and staff and to CPD. In Cumberland County, the wife of one of our clients made masks for the staff. In Warren County, Transit Operator Dena Spiesz has also been busy making face masks to help keep clients and staff safe amid COVID-19. Great job, team!
