### NEW UCHRA WEBSITE IS LIVE

The new UCHRA website ([www.uchra.org](http://www.uchra.org)) is live. Featuring a fresh look, up-to-date content, and new features, the website offers another medium for connecting with services and programs offered by the agency. New features include a fillable Service Coordination Form, a donation page, an events page (listing commodities distribution events and other outreach opportunities), and more. Special thanks to Lewis Betterton for creating the site and for all involved with the process!

### Out in the Field

### ADDITIONAL MASKS FOR STAFF

UCHRA and UCDD recently received a shipment of reusable cloth face masks from the US Department of Health and Human Services.

Packets were distributed at UCDD earlier this week. Each packet contains five masks.

Special thanks to Macey Korth, Marketing Coordinator, for delivering masks to UCDD team members!
