SBDC, UCDD PART OF CUMBERLAND RIVER HOSPITAL REOPENING

UCDD and SBDC staff gathered with local and state officials - including Mayor Dale Reagan and Congressman John Rose's office - Thursday to celebrate the reopening of Cumberland River Hospital in Clay County. UCDD's revolving loan fund played an integral role in the re-opening of the Cumberland River Hospital in Celina. The Small Business Development Center at UCDD continues to work closely with owners to identify and secure long-term financing to ensure the ongoing success of the hospital.

"We are thrilled to see such a vital piece of Clay County back in operation; creating jobs and providing much needed medical care," said Megan Choate, Director of Lending & Economic Development at UCDD.

COMMUNITY MEMBERS CONTINUE SUPPORT, DONATE MASKS TO AGENCY STAFF

Residents of the Upper Cumberland Region continue to support UCHRA staff through donations of handmade, reusable cloth face masks. With disposable masks in short supply and reserved for medical use, the staff at both UCDD and UCHRA have experienced difficulties in ordering and receiving masks.

We are thankful for those in the community who have donated their time, resources, and efforts to keeping the staff at both agencies safe during the COVID-19 pandemic. We are also thankful to the staff who continue to diligently clean and disinfect public transportation vehicles, agency fleet vehicles, offices, common spaces, and other high-touch areas.

Thank you for your hard work and dedication that allows both UCDD and UCHRA to continue to provide services and support for our clients!

UCDD ANNOUNCES CARING CORNER VIRTUAL SUPPORT GROUP

With social distancing efforts still encouraged, UCDD has announced the Caring Corner, a virtual support group for people caring for loved ones. The program is slated to begin next month.
