FLURY, J&G EXTERIOR SOLUTIONS NAMED PITCH IT! WINNER

Joseph Flury, the owner of J&G Exterior Solutions, has been named the winner of the latest Pitch It! competition.

Winning the Pitch It! competition and the \$15,000 prize, Joseph says, will allow J&G to further its mission to help men coming out of jail, prison, or recovery programs who deserve a second chance by advertising services, purchasing needed equipment, and aid in the cost of materials.

Learn more about Joseph's amazing transformation, visit www.ucdd.org or find UCDD on Facebook.

THANKFUL FOR OUR COMMUNITY PARTNERSHIPS

just a note...

Director Montooth & Transportation Staff,
 We want to tell you how thankful we are for your assistance transporting our client to a safe home. Transportation can be the difference between life and death for some of our clients. Partner agencies working together are a beautiful thing and your help made a huge impact for this client! We again are so grateful for all you do for the Upper Cumberland!

CREVAA CONNECTS CLIENTS WITH NEEDED ITEMS

CREVAA (Collaborative Response to Elder and Vulnerable Adult Abuse) assists elderly/vulnerable adults who are alleged victims of crime with various emergency services to stabilize them following their victimization. Recently, CREVAA Advocate Trent Carter (along with fellow UCDD Employee Emily Sells) was able to purchase a brand new bed, along with bedding materials, to a client who had to relocate due to emotional and verbal abuse.

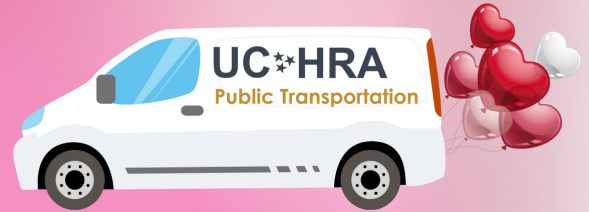

CREVAA will also be providing her with various household items which have been donated to the program by various individuals in the community. Donations are accepted by prior approval only since there is limited space to store them. Consider donating furniture, household items, etc. and contact Trent via email at tcarter@ucdd.org or by phone at 931-476-4107.

TRANSIT TEAM ADDS TOW TRUCK TO FLEET

Thanks to a grant funded in part by TDOT, UCHRA Public Transportation recently purchased a brand-new tow truck that will be incorporated into the service fleet. White County Mayor Denny Wayne Robinson graciously provided training to our maintenance team on how to properly and safely use the new truck. We'd like to sincerely thank Mayor Robinson for taking the time to share his knowledge with us.

Discover Resources Right For You!

DID YOU KNOW?

Introducing a new segment to help staff make the most of available tools, resources, and information!

Chances are, you've received or overheard a question about the services UCDD and UCHRA provide. And, while our agencies provide a wide variety of programs and services to the Upper Cumberland we have many community partners, faith-based organizations, and non-profits in our region that help to fill the gaps when a need arises that UCDD or UCHRA cannot fill.

To find available resources within the UC,

visit www.ucassist.org, choose the county or counties, and the service type to view available resources.

When talking with clients, potential clients, or other service providers, please refer to www.ucassist.org to seek out additional resources available to the community.

On the website, there is also a tab for organizations to add their information to the database so that we can ensure users have access to all of the resources and services available in the Upper Cumberland.

SEARCH

To look for services, first select which counties you are interested in. While you can select multiple counties, a more manageable list will be produced when selecting one county at a time.

Next, select the keywords that best match the services that you want. To prevent a user from having to scroll through pages of keywords, we have kept the list very broad. Simply select the keyword that best describes what you are seeking. Like county selection, a more manageable list will be produced when selecting fewer keywords.

Search results will open in a new tab. You can then click on DETAILS to see more information about the service and the organization that provides it. There are options to navigate through the detail of each record, hyperlinks to organization websites, and the ability to download information to PDF.
